11. **M/s. Iqra Corporation Flat No. C-212, 2nd Floor, Marhaba Apartments Plot LR 9/31/8 Shoe Market Lawrence Road, Karachi agent of Lysi 101 Reykjavik, Iceland**

Decision

The Enlistment Evaluation Committee considered the applications/ record and evaluated the application for enlistment of the above firms and granted approval for Enlistment Certificates on Form-6. It was also decided that product specific free sale certificates shall be required for the Importers who want to import from the principal having multiple agreements with the Pakistani Importers. Only one similar formulation could be enlisted into Pakistan for a particular product by any of the agent.

ITEM: - 4 GRANT OF PRODUCT ENLISTMENT CERTIFICATE TO THE MANUFACTURERS & IMPORTERS AS AGENT OF PRINCIPAL MANUFACTURERS.

Sub Committee of the Enlistment Evaluation Committee for Products, evaluated the products of following companies in its 4th Meeting and Minutes of the subcommittee are placed at **Annexure A.**

**Minutes of 14th Meeting of Enlistment Evaluation Committee (EEC)
held on 31st August, 2016**

Decision:-

Enlistment Evaluation Committee confirmed the minutes of the 4th meeting of sub-committee held on 15-16 August 2016 to evaluate the applications and issue letters to the manufacturers / importers included in the agenda subject to fulfillment of criteria. The committee unanimously decided to approve up to thirty (30) products per section. It was also agreed that recommended conditions for use for vitamin preparations, multivitamin preparations, multivitamin & mineral preparations and mineral preparations shall be in accordance with the multivitamin-mineral products monograph. The enlistment committee decided that shelf life shall be two years for all products except vitamin mineral liquid preparations. However, request for enhancement in shelf life shall be entertained on the basis of stability data generated in compliance with the WHO stability guideline for the relevant products.

**ITEM: - 5 BRAND NAME FOR THE GRANT OF PRODUCT ENLISTMENT
CERTIFICATE TO THE MANUFACTURERS & IMPORTERS AS
AGENT OF PRINCIPAL MANUFACTURERS.**

Brand names of the products resemble with the already registered more than 80,000 registered products. So it becomes non practicable to issue enlistment certificates avoiding similarity in brand names. As applicable in most of the countries of the world that such products are represented by adding the first word of the name of the manufacturer as prefix before the brand name. This would make it possible to avoid similarity in brand names without affecting the rights of the already registered/enlisted products. It is therefore proposed that product enlistment certificates may be issue on form 7 by adding companies/forms name before the proposed brand name.

Decision:- Enlistment Evaluation committee agreed to the proposal for the issuance of brand name by adding first word of the company name as prefix to the brand name to avoid controversies regarding brand name resemblance.

**ITEM: - 6 MANUFACTURERING REQUIREMENTS OF VARIOUS
CATOGERIES OF ALTERNATIVE MEDICINES AND HEALTH
PRODUCTS.**

Manufacturers of various categories of products falling under the jurisdiction of health and OTC products division have been continuously insisting that their manufacturing facilities may be defined as per Indian model. Pakistan Tibbi Pharmaceuticals manufacturers Association has been continuously requested to adopt the schedule T of the Indian Drugs and Cosmetic act 1940 for the purpose of Unani Medicine. Likewise Homeopathic industry required to adopt the Homeopathic model. A number of consultative meetings were conducted with the PTMA and it was agreed.

Minutes of 14th Meeting of Enlistment Evaluation Committee (EEC) held on 31st August, 2016

So proposal have been prepared for consideration of the enlistment Evaluation Committee (EEC) in the form of standard operation procedures for various categories of facilities as under.

- 1) Unani Medicine Annex B (Indian Model).
- 2) Homeopathic Medicine Annex C (Indian Model).
- 3) Medicated Cosmetics, medicated soaps and medicated Shampoos Annex D (Indian Model).
- 4) Nutraceuticals that is Food Supplements, probiotics disinfectants and Phytomedicines Annex E (Pakistan GMP Model).

Decision:-

Enlistment Evaluation Committee after detailed Evaluation of the proposals approved standard operating procedure for Enlistment of manufacturers of following classes as per Annexures mention here in below.

- 1) **Unani Medicine Annex B (Indian Model).**
- 2) **Homeopathic Medicine Annex C (Indian Model).**
- 3) **Medicated Cosmetics, medicated soaps and medicated Shampoos Annex D (Indian Model).**
- 4) **Nutraceuticals that is Food Supplements, probiotics disinfectants and Phytomedicines Annex E (Pakistan GMP Model).**

ITEM: - 7 EVIDENCE/DATA REQUIREMENTS FOR CLAIMS/INDICATIONS OF VARIOUS CATOGERIES OF ALTERNATIVE MEDICINES AND HEALTH PRODUCTS.

A. SOP for submission of evidence for claims/indications

To make an indication or claim based on evidence of traditional use, applicants must first assess the level of the evidence supporting the claim.

If you hold one of the following four sources of evidence, you hold general level evidence.

1. Approved or recognized Pharmacopoeia or Authoritative Book.
2. Approved Monograph.
3. Three independent written histories of use in the classical or traditional medical literature.
4. Availability through any country's government public dispensaries for the indication claimed.

Minutes of 14th Meeting of Enlistment Evaluation Committee (EEC) held on 31st August, 2016

If you hold two of the above sources of evidence, you hold medium level evidence. Of course, the evidence, whether it is medium or general level, must support the indications or claims that you intend to make for your product.

If you hold general level evidence, you can make general level indications and claims. These include indications and claims relating to:

- Health maintenance, including nutritional support;
- Vitamin or mineral supplementation; and
- Relief of symptoms (not related to a named disease, disorder or condition).

If you hold medium level evidence, you can make medium level indications and claims. These include the following kinds of indications and claims:

- Health enhancement;
- Reduction of risk of a disease/disorder/condition;
- Reduction in frequency of a discrete event;
- Aids/assists in the management of a named symptom/disease/disorder/ condition; and
- Relief of symptoms of a named disease, disorder or condition.

All indications/claims based on evidence of traditional use must be worded to the effect that "*This (tradition) medicine has been traditionally used for (indication)*". This applies to general and medium level indications/claims.

High level indications and claims are not permitted based on evidence of traditional use.

Similar principles apply to making indications and claims based on evidence of traditional use for homoeopathic and aromatherapy products.

Detail of guiding SOP for submitting evidence about claims and indications is placed as **Annexures F**

B. SOP for Data Requirements for Imported Medicines/new Medicines.

Application for enlistment of imported medicines/new medicines which are not authorized locally, requirement of Data to prove quality, Safety and efficacy of the product is necessary for tolerance, indications/claims, risk information and other connected aspects of the products. SOP as been prepared as per Indian Model for evaluation of products applications and to guide the applicants as well as regulators.SOP is placed at Annexures G.

Decision: - Enlistment Evaluation committee after thorough evaluation of proposal approved the standard operates procedures for the indications/claims and evidence or data requirement in this regard including data requirement for the imported and new Medicines. Already enlisted products will also be reexamined accordingly, while evaluating similar applications. Applications regarding Homeopathic and Unani combination formulations would be subjected for evaluation and assessment by experts of relevant specialty, if such combinations are not available internationally.
