## DRUG REGULATORY AUTHORITY OF PAKISTAN

Ministry of National Health Services, Regulations & Coordination  
Medical Devices Division

# PUBLIC NOTICE

The investigation following last year outbreak of HIV in Ratodero Sindh revealed that one of the leading causes is misuse / reuse of disposable syringes. To safeguard the public from this menace Ministry of National Health Services, Regulations & Coordination constituted National Task Force on Injection Safety. It is to inform all syringe manufacturers, importers, distributors, wholesalers, clinicians, nurses, pharmacists and other health care providers that the Drug Regulatory Authority of Pakistan's Policy Board on recommendations of Task Force has decided to promote use of auto-disable syringes and to ban import and manufacture of disposable syringes 2, 2.5, 3 and 5 ml. The effective dates for ban is mentioned below:

**Import of syringes: 30th September, 2020**  
**Manufacture of syringes: 31st March, 2021**

All Procurement Agencies, Government and Private Hospitals and Provincial Health Departments are advised to keep in view the above dates while preparing their procurement plans.

**Dr. Ghazanfar Ali Khan**  
Additional Director, Medical Device. DRAP
